

This statement is an update for GPs on the issue of TPP's SystemOne and the DPA. As Representatives of the British Medical Association and the Royal College of GPs we have been working closely with NHS England, NHS Digital, TPP and their user group to address our concerns regarding the ability of GP data controllers using SystemOne to comply with the DPA.

We are now at a point where the BMA and RCGP believe that new functionality developed by TPP, when finalised and fully implemented, will allow GP Data Controllers to meet their obligations under the DPA. We expect these tools to be available to all GPs using SystemOne by the end of February 2018.

This new functionality is currently being piloted and we are continuing to monitor progress.

We continue to keep the ICO informed and involved as necessary and they remain supportive of the actions and plans to date.

Signed:

Dr Paul Cundy
GPC Co-Chair of the Joint GP IT
Committee

Dr Manpreet Pujara
RCGP Co-Chair of the Joint GP IT
Committee
