GDPR

We are delighted to have teamed up with LMC Law to deliver 4 GDPR seminars to practices across the patch. With LMC Law's expertise in healthcare the seminars have been tailored specifically to address concerns that practices may have when GDPR is introduced in May this year.

27th February - York
27th February - Harrogate
28th February - Catterick
28th February - Bradford

VACCINATION & IMMUNISATION

INTRODUCTION TRAINING

21st & 22nd February Harrogate

UPDATE TRAINING

19th February York
20th February Harrogate
23rd February Bradford

MINDFULNESS & PERSONAL RESILIENCE

In the increasingly demanding world of the NHS, we need to be aware of the effects of pressure on ourselves and learn to build personal resilience in order to help us maintain a healthy work life balance. New one day workshops aimed at all members of GP practices will soon be available to book into on the website.

PEER APPRAISALS

YORLMC has obtained further funding to support peer to peer Practice Manager appraisals for the second year running. These were hugely popular last year and received some fantastic feedback. I must stress that these are not performance management appraisals but are designed to support personal development. If you would like to take part then please email me. Places will be limited so will be allocated on a first come first served basis.

NAPC DIPLOMA COMMUNITY

Practice Managers are being asked if they would like to take part in a GP Forward View initiative where they will receive funding towards the NAPC Diploma in Advanced Primary Care Management. Some managers will have already done this diploma and I thought it may be helpful for those who are contemplating taking it on, if ideas and experiences were shared in a community on our partner website. The community area is similar to a blog and instructions are attached separately on how to access it.
