HaRD	<p>I am trying to improve my knowledge to better support the practice and medical centre in the delivery of projects. ### Suggestions for improvement:

Voy	More regular updates
HaRd	<p>A bit too much jargon</p> <p>More regular updates</p>

### Additional comments:

VoY	<p>Particularly interesting talk about GP Health - was not aware of this</p> <p>Venue good, easy accessible</p> <p>Earlier start or earlier finish</p> <p>Thank you!</p>
SR	Good venue and timing
HaRD	<p>I found the session to be very informative and I left feeling upbeat and positive about the fact that the LMC are working hard and in conjunction with YHN to ensure we are accessing all the necessary GPFV funds and it feels as though we are ahead of the game in some areas ie, implementation of an extended access service and trialling working at scale administration in some practices.</p> <p>Interesting meeting</p>
