VACCINATION & IMMUNISATION TRAINING

A new e-learning module for Vaccinations & Immunisations updates has been launch by PHE and can be accessed via

E-learning for Health. However, we understand that face to face training is often preferable and offers the opportunity to share concerns, question trainers and network with other clinicians. We will therefore continue to offer face-to-face sessions throughout the year.

The 'Initial' training for HCAs & Nurses who are new to Vaccinations and Immunisations is not part of the e-learning module and continues to be a face-toface programme. We will be running a session in Harrogate on the **13th & 14th June**.

GPN AWARDS 2018

YORLMC was delighted to take part in the presentations of the Yorkshire & Humber GPN Awards in March. Winners from the regional awards went head to head at the glamorous Hilton Hotel in York on the 21st March. There were 8 categories ranging from the Peoples Choice award to the Healthcare Practitioner of the Year. The results can be found <u>here.</u> It was a delightful evening dedicated to recognising the value of General Practice Nursing across Yorkshire & the Humber. A touching poem and video was created to capture the work of the Practice Nurse and can be viewed <u>here</u>.

PRACTICE MANAGER PEER APPRAISALS & COACHING

The practice manager appraisal project is now underway and there are still places available for managers who wish to receive an appraisal. If you have already put your name forward then we will be in touch shortly to arrange your appraisal.

We have also received funding to provide a limited number of executive coaching sessions for practice managers. These will comprise of three completely confidential one to one sessions with a qualified coach. More detailed information will be sent to managers soon but expressions of interest can be sent to Leanne Ashton in the meantime.

NURSE TRAINING

HEE have produced a useful document which assists with the Induction and Education of Practice Nurses who are new to primary care. The document is attached to this newsletter as Appendix 1.
