THE ETD TEAM

I have worked at YORLMC for two years now and we are continuing to developing the Education, Training and Development support that we give to practices. We are also developing the team that delivers that support.

Gabriella Baldini joined YORLMC as an Apprentice Administrative Assistant in February of this year. She has proved a valuable asset to the Corporate Affairs Team and a huge support to myself. Gabriella is involved in the administration of the courses that we provide and can help with all queries that arise. She can be contacted on 01423 623626 or by email gabriella.baldini@yorlmcld.co.uk

BRADFORD & AIREDALE SESSIONAL GP EDUCATIONAL EVENTS

As mentioned in the previous newsletter, YORLMC and BAWC CCG are working together to deliver a programme of educational events specifically designed to meet the needs and interests of sessional (salaried & locum) GPs. Thank you to those who took part in the survey which helped determine the areas that we focused on. We have now finalised the course content and dates and these are now available to book on the website or by clicking on the course.

Venues are still to be confirmed but there will be one event in each locality and they are split between morning and evening sessions as per the feedback received.

PRACTICE MANAGER APPRAISALS

Thank you to all the practice managers that put themselves forward to receive an appraisal. The limited funding that we received only allowed for a certain number of appraisals in our area. We therefore delayed the start of the project in the hope of securing further funding and therefore avoid denying any practice manager a peer appraisal. Further funding has now been assigned to the project from the GP Forward View and NHSE and so we are delighted that we can offer appraisals to all those who have expressed an interest. I will be in touch with individuals soon with more details. We may also have the capacity to deliver more so please let me know if you would be interested in receiving a peer appraisal.
